EDUCATION

Bachelor of Technology, *Oriental College of Technology*
8.6 CGPA

2020 – 2024
Bhopal, India

Higher Secondary 12th CBSE, *International Public School*
83.2 %

2018 – 2020
Bhopal, India

PROFESSIONAL EXPERIENCE

Android Developer, *Blueberry E-service private limited*

03/2022 – 06/2022

Noida, India

- As an Android Developer intern, I have gained hands-on experience in developing mobile applications for both Android and iOS using **JavaScript and React-Native**.
- Collaborate with the development team to design, develop, and test Android applications.
- Debugged, resolved issues, and added new features to the existing codebase.

PROJECTS

Online Assesment Platform, *Source Code* [↗](#)

- The online assessment app is designed specifically for IT companies and is built using React Native, making it compatible with both Android and iOS platforms.
- The app consists of three sections: DSA, DBMS, and OOPs. this app includes a separate timer for each question.
- After the candidates have finished answering all the questions, the app will display the result.
- Used Tech Stack : **React-Native, React-Hooks, Loader, Router**.

Home Fitness Application, *Source Code* [↗](#)

- It's a mobile application developed for both android and ios which provides you with GIF images of workout so that you can do your workout at home.
- Keeps track of time-per-exercise, rest-between-exercise and calories.
- Used Tech Stack : **React-Native, React-Navigation & Router, React Hooks**.

Java Snake and Ladder Game [Multi-Player], *Source Code* [↗](#)

- The game allows multiple players to participate. Each player is assigned a unique token.
- Upon rolling the dice, the player moves forward. If the player lands on a snake's head, they slide down. Conversely, if the player lands at the base of a ladder, they climb up to a higher position on the grid.
- Used Tech Stack : **Java, Data Structures Like Matrix[Grid], Hash-Map, OOPs Concept**.

SKILLS

Programming Languages, *Java, JavaScript*.

Programming Constructs, *Data Structures and Algorithms, Object-Oriented Programming, DBMS*.

Tools and Technologies, *HTML5/CSS3, React.JS, React-Native, Git*.

CODING PROFILE

LeetCode, *Solved 140+ questions on leetCode* [↗](#)

CERTIFICATES

Introduction to Java [↗](#)
